## Fifty Third and Eighth: Home Heaven in Hell's Kitchen

---

A newly finished 25-story luxury condominium is changing lux living in Hell's Kitchen. Fifty Third and Eighth, located at (you guessed it) West 53<sup>rd</sup> Street, has 252 sleek one-, two- and three-bedroom residences currently looking for their forever owners. Nestled in one of Manhattan's most vibrant neighborhoods, these units were designed for both function and style, with open space living and dining areas and fully loaded kitchens that include white quartz countertops, white lacquer and polished chrome cabinets and premium appliances. With all of that white, you'll feel like you're living in heaven—or at least napping on a nice pillowy cloud.

With bathrooms rivaling the most upscale hotels, enjoy white marble floors, accent walls of mosaic Calacatta marble, and custom-designed vanities and medicine cabinets. Once you're finished soaking up the white-washed luxury, hop outside and enjoy nearby hot spots such as Central Park, the Hudson River and MoMA.

*Unit prices begin at \$1.1 million and range all the way to \$3.25 million.*
